Certificate Course Report 2020 – 2021

Title of the Course: DESKTOP PUBLISHING TOOLS

Date of Commencement: 3.08.2020

Course Facilitators: F. Jeno Sandana Brina Rouvier & S. Roshnara Banu

Course Objectives:

- Desktop publishing software (DTP) is used to create documents like leaflets, brochures and newsletters.
- To understand the basic knowledge of Create, edit, and print long documents including supporting pages.
- Effective design and layout rules used in publication industry. Scanning and importing graphics. Format page layout utilizing master pages tool.
- To practically learn to design using DTP tools Outcomes
- Student will be able to work with editing tools such as Adobe PageMaker, coreldraw and Photoshop

Course Structure:

The course gives an overview of the designs of:

Desk Top Publishing primarily pertains to designing of documents using personal computer loaded with DTP software packages like Page Maker, Coral Draw, Photoshop, MS Word etc. You use DTP software to produce professional-looking documents such as reports, books, posters or leaflets. Desktop publishing combines a personal computer and WYSIWYG (what you see is what you get) page layout software to create publication documents on a computer, for both large scale publishing or small scale local multifunction peripheral output and distribution.

DTP Information Desktop publishing is a term coined after the development of a specific type of software. It's about using that software to combine and rearrange text and images and creating

digital files. So the term "desktop publishing" is commonly used to describe page layout skills. The DTP has many advantages in comparison with the manual process. It is a factual and can quickly edit with minimum mistakes. Text and graphics can be merged into single file. Achieve higher productivity, efficiency and quality in printing and publishing with economy. DTP is used for typesetting, layout, printing, graphics and photographs etc. With the latest DTP software packages it is possible to undertake a variety of work in the field of printing and publishing.

Course Delivery:

The certificate course, **Desktop Publishing Tools** started on 3rd August, 2020. Assistant Professors Ms. F. Jeno Sandana Brina Rouvier & Mrs. S. Roshnara Banu facilitated the progress of the course and it was pursued by the B.C.A. students. The course duration was 40 hours and it was conducted at Conference hall and Computer Lab. Nearly 84 students enrolled for this course and 81 students completed the course by the end of September successfully. Their theoretical understanding and practical experience were systematically assessed after completing the syllabus. For assessing their theoretical understanding, 20 marks were allotted while 30 marks were allotted for assessing their practical experience. It was offered twice in a year.

Positive Outcome:

After successfully completing the course students will be able to

- The ability to create a variety of projects defines the flexibility of a desktop publishing application
    - Layout Tools
    - Text Tools
    - Graphic Tools
    - Printing and Sharing.
- Create supporting pages for multi-page documents, such as index or table of contents.
- Use color appropriately and effectively.
- Create and use template documents.
- Prepare & package documents for professional printing or exporting.
- Learners will be able to distinguish between desktop publishing and other forms of document production with reference to purpose, development process, and specialised DTP roles.
